

# WONDERING IF YOUR COVID MANAGEMENT SOLUTION IS UP TO SNUFF?

**ANSWER THESE QUESTIONS TO HELP YOU FIND OUT!**

*Do you think that others in your organization...*

- Spend a lot of time with back-and-forth emails around COVID data collection?
  - Could improve on updating your COVID strategy as findings emerge?
  - Could improve communication of safety changes to your employees?
  - Could improve workplace safety when working onsite?
  - Need a more robust way of tracking COVID compliance to stand the test of time?
- 

*Would it be optimal to have a system that could...*

- Enable concise, timely communication with employees?
- Provide your employees with an easy-to-use mobile interface to track/update their statuses/tasks surrounding your COVID program?
- Help your employees feel a better sense of safety?
- Streamline communication with the workplace around changes and other issues?
- Offer dashboards and real-time reporting to guide better decision making for leadership?

***If you have more than three checks, it's possible your COVID management strategy could use an upgrade. If that's the case, we'd love to explore ways you could do that. Click the button below to set up a time for us to chat!***
